The most important and recent judgments of the CJEU

This book analyses selected topics (e.g., proceedings at the CJEU, substance over form in EU VAT law, taxable persons, taxable transactions, place of supply, taxable base and rates, exemptions, and deductions) by examining the most prominent and recent judgments of the Court of Justice of the European Union.

Experts from all over the world, not just from academia but also government and judiciary representatives as well as tax practitioners, have provided their input and helped us compile what is an informative and worthy read for anyone dealing with indirect taxation on a professional basis.
